SEAFORD SPORT - OPRO INSTANT CUSTOM FIT MOUTHGUARDS 2024

Dear Parents, Carers and Guardians,

As you may be aware, the governing bodies of both rugby and hockey strongly recommend the wearing of custom-fitted mouthguards at all levels of the sporting pathway. The Seaford College sport policy is to adhere to these guidelines, and we recommend that all students get a custom-fitted mouthguard.

To support all our students – and with safety in mind – we have set up a **new relationship** with OPRO, who are the largest manufacturers of custom-fit mouthguards in the world. OPRO have launched their revolutionary Instant Custom-Fit mouthguard which is a dentist level mouthguard that can be fitted at home.

Benefits of the Instant Custom-Fit mouthguard:

- OPRO's revolutionary fitting mechanism allows the student to take an instant dentist impression of their teeth whilst moulding their Instant Custom-Fit mouthguard
- You can choose between 3 protection levels and add anti-microbial protection to the mouthguard
- Made in OPRO's manufacturing facility in Hertfordshire, the Instant Custom-Fit mouthguard offers the highest level of protection as worn by professionals
- Prices start from just £29.99 plus you will receive 10% off if you use the following code: **SEAFORD10**
- No waiting for your mouthguard! The Instant Custom-Fit mouthguard can be manufactured in as little as 2 days. Once fitted at home, it is ready to use
- You will receive a complimentary self-fit mouthguard to practise the fitting process with and this can be used as a spare mouthguard for the season

If you have any questions about the products or OPRO's service, please contact their customer care team directly on 01442 430690 or email info@oprogroup.com.

Please click on the poster below to access the website.

There is no obligation to purchase an OPRO mouthguard and you may choose to purchase these items elsewhere; however, please note that **all students will require a mouthguard for their sports lessons.**

If your son/daughter already has a custom-fitted mouthguard, we would be very grateful if you could check that it still fits. A child's growth does limit a mouthguard's lifespan and most dental warranties are valid only for a year from the date of manufacture of the mouthguard. You may also decide to use a different type of mouthguard should you feel this appropriate.

Thank you for your continued support of the Sports programme at Seaford and we look forward to seeing you on the sidelines.

Yours sincerely

Liam Doubler
Director of Sport & Co-Curricular
