Mouthguard Policy for Competitive Sport and Training

Policy Statement

SEAFORD SPORT - OPRO INSTANT CUSTOM FIT MOUTHGUARDS

The governing bodies of both rugby and hockey strongly recommend the wearing of custom-fitted mouthguards at all levels of the sporting pathway. The Seaford College sport policy is to adhere to these guidelines, and we recommend that all students get a custom-fitted mouthguard.

To support all our students – and with safety in mind – we have a relationship with OPRO, who are the largest manufacturers of custom-fit mouthguards in the world. OPRO have launched their revolutionary Instant Custom-Fit mouthguard which is a dentist level mouthguard that can be fitted at home.

If you have any questions about the products or OPRO's service, please contact their customer care team directly on 01442 430690 or email info@oprogroup.com.

There is no obligation to purchase an OPRO mouthguard and you may choose to purchase these items elsewhere; however, please note that all students will require a mouthguard for their sports lessons.

If your son/daughter already has a custom-fitted mouthguard, we would be very grateful if you could check that it still fits. A child's growth does limit a mouthguard's lifespan and most dental warranties are valid only for a year from the date of manufacture of the mouthguard. You may also decide to use a different type of mouthguard should you feel this appropriate.

Procedure

- Seaford College seeks to adhere to protecting its students by following guidance from sport's governing bodies about making the importance of wearing of mouthguards known to all pupils.
- In deciding School policies on sporting issues, the College is bound by its professional bodies (HMC and IAPS) to follow the guidance of individual sports' governing bodies.
- As from September 2002, all pupils were recommended to wear a mouthguard whilst playing rugby and hockey. Both the Rugby Football Union and Hockey Association recommend that children who play these sports should be fitted with a custom-fitted mouthguard. Consequently, having taken the advice from professional associations, the College wishes to stress the importance of wearing a mouthguard to all parents and pupils
- All parents, carers and guardians will receive information on how to purchase a Seaford College custom fit mouthguard from OPRO
- Sports staff will educate and remind pupils about the importance of wearing a mouthguard before games lessons and fixtures.
- If pupils do not have their mouthguard available, they will not be able to fully participate in training or matches
- Parents/guardians are written to every year and reminded about the policy and to check that their child's/children's mouthguard(s) still fits as a child's growth does limit a mouthguard's life span.
- Pupils may also decide to use a different type of mouthguard should their parent/guardian feel this appropriate.
- Our teachers and coaches will educate and remind the pupils of the importance of wearing a mouthguard, and will check pupils have their mouthguards at the start of a match or at training. If a pupil decides to not wear a mouthguard following this, or removes the mouthguard during play, then this will be done at the pupil's own risk.
