Statement of Security Policy

This policy ensures that plans and procedures at Seaford College enable the school to meet the standards of individual and collective personal security that are required by regulation, in particular the Health and Safety at Work Act 1974 et seq, the Management of Health and Safety at Work Regulations 1999, the Minimum Boarding Standards Regulations and the Regulatory Requirements of Independent Schools, as published from time to time by the Independent Schools Inspectorate. The Quality of Pastoral Care, and the Welfare, Health and Safety of students is affected by the security posture and attitudes within the school of both staff and pupils, as well as by physical features such as locks and lighting.

Communication

This policy is communicated to all staff and available to all on the school's Firefly portal. Security is included as a subject to be covered by the Health and Safety Committee, and Security will be included as a standing agenda item at the termly Health and Safety Committee Meetings.

Statement

The Governors of Seaford College recognise that just as the school has a duty to maintain the health and safety of staff, students, parents, and visitors, they have an equal duty to maintain their personal security. Seaford College is a partially open site with public footpaths and a public bridleway across the site, but only those who have business at the school are entitled to be within the grounds but off these rights of way. Vehicular access is physically prohibited at times by locking of gates. Buildings will be kept locked when they are unmanned. No students will be in any buildings without staff present. Students are always under some form of supervision; direct in most instances inside curriculum time, but loose supervision is the norm at other times. No visitor or contractor may remain unescorted unless they have been signed in Reception and a member of staff has taken personal responsibility for their actions whilst on school grounds.

Statement of Boarding Security

The Boarding Houses maintain their integrity by being accessible only by those who have right of authorised access and are in possession of the appropriate digital lock codes or staff pass activation. No other persons are permitted within the boarding areas unless they are escorted by an appropriate member of staff.

Funding

The Governing Body will ensure that funding is made available when security issues that are brought before them are deemed by them to warrant suitable expenditure.

Reporting

Security issues will be included in health and safety reports to the Governing Body.

Premises

The College buildings are patrolled each evening by boarding duty staff to ensure all are secure and in safe condition.

Duties of Staff

The Headmaster

The Headmaster is ultimately responsible for the implementation and operation of the Security Policy. He will:

- Ensure that all staff appreciate the importance of security and understand the Policy Statements above. He will ensure that the Senior Management Team's deliberations on the routines and procedures that are to be followed in the school are appropriately promulgated and maintained
- Ensure that all staff accept their own responsibility
- Ensure that staff are made available for appropriate security training
- Ensure that parents are aware of the security posture of the school and that they are encouraged to play their part in its maintenance
- Ensure that advice and co-operation is obtained from the police
- Ensure that there is a procedure for contacting the police routinely, and in an emergency, and that staff are aware of it
- Ensure that there is a security incident reporting procedure within the school to him, and that all crimes are reported to the police and an appropriate crime number is obtained
- Ensure that the Health and Safety Committee review reported incidents so that any trends may be spotted and acted upon.

The Director of Estates & Operations (DoE&O)

The DoE&O will:

- Review the security risk assessment annually
- Ensure that there are periodic security inspections of the school. These may be combined with health and safety inspections
- Ensure changes in security are reported to the school's insurance brokers, and seek advice from them should any sizeable investment in security be considered
- Ensure that security is considered as a part of the overall risk management strategy of the school
- Ensure that security forms part of the induction of all new staff
- Ensure that all parties using school premises or facilities are aware of the policy and what is required of them.
- Regularly review and update the staff access permissions

Staff, students and parents

As part of the school's security posture it must be recognised that good security involves everyone. This includes awareness of whether something feels wrong, and reporting suspicions, accordingly, challenging unknown persons in the grounds as to their business, and reporting instances of physical breaches of security, such as gates being unlocked when they should be locked, and doors left open. Security also includes the safeguarding of information that should remain confidential to the school.

Public Access

The college hosts a small number of public right of way routes throughout the estate which are visually monitored at all times via staff, Estates & Operations staff are front line in this action due to their natural movement across the college estate and will maintain alert to any suspicious activity or movement of members of the public within the college grounds, should staff witness any suspicious activity they are requested to approach the person(s) for introduction and query. All such instances will be reported back the Director of Estates & Operations.

Day to Day Security Posture

The school routines that have been developed by the Senior Management Team and that are used throughout the school have been designed to maintain a suitable security posture at all times be it in the school day, out of school hours, or in the holidays. They take account of the Security Risk Assessment and are reviewed as the Senior Management Team deems necessary. They take account of the physical features of the school, the staff/pupil ratio, and the programmes for each Year group, and climatic and seasonal factors. Security features as a standing agenda item at the

Health and Safety Committee meetings, and any member of staff may ask their representative at this Committee to raise their concerns if necessary.

The College has identified areas of the estate that have been assessed as unsafe for student access or where access is permitted under supervision of staff.

Areas of no access:

1. Botany Bay and lake adjacent to the main entrance (unless on Friday supervised Seaford Fishing Club)
2. The Spinney woods north of main school
3. Estates Grounds & Maintenance compound adj. to Wilberforce & ADT
4. Any vacant properties across the College estate
5. The grounds immediately to the rear of Walled Garden Boarding Houses
6. The hill and woods to the south of the college (further than first RoW track)
7. Beechwood Lane
8. Any paddock land owned by the College or adjoining Lavington Stud Farm

Areas of supervised access:

1. Golf course and driving range
2. All sports pitches and facilities
3. Woods to north of golf course
4. Woods and hill to South Downs Way if on field trip or DoE managed exercise
5. Clay Range

9.1 Site Access and Controls

The school has five points of vehicular access which are controlled as follows:

Main entrance - security gate controlled via time clock, gate fobs, key code and ANPR systems.

West Gate – ANPR system, authorised persons only

Beechwood Lane – padlocked, authorised key holders only

Norwood Lane North & South - padlocked, authorised key holders only

Persons registered into the ANPR system will include, site resident staff for out of hours access, authorised staff and parents permitted to use the West gate/drive, residents of Wallace Square (main entrance default, west gate under licence), teachers of Duncton & Graffham Schools, staff and residents of Lavington Stud, postal and emergency services. A list of all persons holding gate fobs or registered on the ANPR system is maintained and regularly updated.

Access along the school's private road and through the west gate is strictly managed to mitigate the amount of traffic the school passes through Graffham and local villages, this is in conjunction and request from local parish council and Graffham Primary & Nursery School to reduce the impact of traffic through the village. It also permits tighter control of the schools safeguarding measures and practices. General issue for parents of pupils to have access onto the estate via the Graffham gate is not generally permitted, concession to this is for pastoral needs should a pupil have a medical condition that would require the parent to access the school estate urgently to attend the child or should the parent reside on the south side of Graffham.

9.2 Emergency Services

To facilitate out of hours access for the emergency services, a key code panel is installed and maintained at both the main entrance at Duncton and the west entrance at Graffham. The code to access these gates is issued to both central Fire Services overseeing Petworth and Midhurst Fire Stations together with SECAMB who operate West Sussex Ambulance Service. Access arrangements are supported by the school having site staff residents residing at lodges at both entrance gates.
